

TAWN USERS MEETING 2017

Voorstel: Vrijdag 24-November-2017

Locatie : Philipsstadion, Romario zaal, Eindhoven

PROGRAMMA

- 09:30 Ontvangst met koffie
- 09:50 Welkom door voorzitter TAWN – Paul van Ekeren
- 10:00 Dr. Mihai Stoica, Senior Scientist, Laboratory of Metal Physics and Technology, ETH Zürich CH, *"Alloys: Properties and Fabrication"*
- 10:40 Koffie pauze
- 11:00 Peter Palmen, DSM department DMSC, *"Fast Scanning Calorimetry: mimicking industrial processing!"*
- 11:25 *Ellen Krabbendam, Thermal Analyst TNO, "TGA-FTIR-MS used in characterization of propellants and other materials"*
- 11:50 *Wim Zoetlief, DSM department DMSC, "3D printen van polymeren en thermische analyse"*
- 12:15 Lunch aangeboden door TAWN
- 13:05 Alfréd Kállay-Menyhárd, Budapest University of Technology, *"Targeted Manipulation of SemiCrystalline Structure in PolyPropylene: Modelling and Prediction of Properties"*
- 13:45 Philippe Larbanois, Mettler-Belgium, *"DMA Measurements, choose the right modules"*
- 14:00 Joël Wallecan, Physical Chemistry manager van het Cargill R&D centre in Vilvoorde, *"Thermal Analysis on Food Systems"*
- 14:25 TAWN ledenvergadering
- 14:50 t.b.c.
- 15:15 Break – koffie / thee / frisdrank
- 15:35 Dorien Baeten Soudal NV / KU Leuven, *"Fast Scanning Chip Calorimetry combined with in-situ (nano)morphological probes"*
- 16:00 Guy Van Assche, Universitair docent VUB, *"Study of reversible networks for self-healing robotics"*
- 16:25 Afsluiting TAWN Users meeting – voorzitter TAWN Paul van Ekeren
